

Redwood Road Sewer Rehabilitation

Taylorville-Bennion Improvement District

Project Info

The Taylorville-Bennion Improvement District (TBID) will be rehabilitating the sewer line along Redwood Road from approximately 5200 South to 6200 South in Taylorville beginning the night of May 9 through July 2016.*

This project is being performed to increase the life of the sewer system and will take place primarily at night from 7 pm to 6 am. Northbound Redwood Road will be reduced to one lane during this activity. Using alternate routes during this work is highly recommended as delays are expected.

Surrounding residents and businesses can expect traffic restrictions, construction equipment and vehicles, and an increase in nighttime noise.

Stay Informed

Sign up for project emails to stay up to date on construction progress and impacts at redwoodsewer@gmail.com or by calling the hotline 888-966-6624.

*Construction schedules are subject to change due to utility, material, weather and equipment delays.
